EXPERIENCES

Computer Technician at Vivalia

I worked in their IT department as a support. The opportunity allowed me to gain practical experience in the field and expand my technical skills.

Internship at Excellium-Services

I developed and implemented a secure infrastructure integrating SIEM and SOAR solutions, enabling optimized management of threats within the infrastructure.

SKILLS

NETWORKING

CISCO: RIPv2, OSPF, ACL, VLAN, Switch L3

Palo Alto, PfSense, QRadar

CRYPTOGRAPHY

Use of OpenSSL with symmetrical and asymmetrical key, hash, PKI, Kerberos, Bitlocker, web security

MONITORING

Splunk, QRadar, SIEM & SOAR solutions, Zabbix,...

LINUX | WINDOWS SERVER

Administration, FTP, DNS, PAM, LAMP, networking

User management, Active Directory,DNS, DHCP, Routing, GPO,..

LANGUAGES

French

English

EDUCATION

2024-2026 **Master in Architecture of system**
University of Namur │ Henallux

2021-2024 **Bachelor's degree in systems security**
University of Henallux

CERTIFICATIONS

🏆 **Fundamentals of SOC**
Palo Alto Networks

🏆 **Containers & Kubernetes (DO180)**
Red Hat
